ALL LOTS ARE WAGYU!

How it Works

Go to www.texasbeefhouse.com for a link to the sale.

1. All bid amounts will be multiplied the total amount of weight of the lot. Example: Lot 1 has 34.68 total pounds of beef. Your bid price will be multiplied by 34.68.
2. Bidding on the lots will open on December 1. You may place bids on lots or leave a proxy bid for convenience (set a maximum amount you are willing to bid on that lot, your bid will only be raised if someone bids against it until the competing bidder is finished or your maximum proxy bid amount is reached).
3. At 3:00 PM on December 3, the sale will close. If there are no new bids placed within two minutes of closing the sale is over. If someone bids the sale will stay open for two more minutes until no one bids.
4. You may pay via credit card or check. Standard shipping rates for the US are located on texasbeefhouse.com.
